

In Quest of Excellence

Music: Attila Fias

Lyrics: Gabriella Vindisch

I welcome the new day as a new chance
To make every moment count.
I will reach deep within my spirit
Mustering all my might.

**My life will take me on a journey
That tests everything I've got.
Devoted and strong
in quest of excellence,
Success is within my sight.**

I know I have true desire –
and I won't give up.
Each day there's a path to follow
To guide you to a bright tomorrow.

I know what it will take to get there
If I stumble I will get up.
I see the challenges that I face
But nothing can make me stop.

**My life will take me on a journey
That tests everything I've got.
Devoted and strong
in quest of excellence,
Success is within my sight.**

The road is long and narrow,
but I'm not alone.
Heroes have come before me,
I hear their voices call me.

----- instrumental -----

I know it will take strength to get there
If I fight I will win the day.
I've come so far and I'll never look back
My heart always finds the way.

**My life will take me on a journey
That tests everything I've got.
Devoted and strong
in quest of excellence,
Success is within my sight.**

**My life will take me on a journey
That tests everything I've got.
Devoted and strong
in quest of excellence,
Success is within my sight.**

**My life will take me on a journey
That tests everything I've got.
Devoted and strong
in quest of excellence,
It will be my guiding light.**
